It's a'ight.. Review: Too many stupid ads.Do something about it Review: I don't know what to say about this app, but it's the worst app I've ever used. I'm not a big fan of ad-supported apps, but this one is so bad that I can't even use it. The ads are so annoying that I have to close the app to get rid of them. The app itself is pretty good, but the ads are the worst part of it. I can only use it for a few minutes at a time, so I'd rather have a better app.
